CRUISE CONTROL

With sporty looks all the rage this season, an equally sporty vehicle shouldn't be far behind. The ultimate must-ride is the Mercedes Benz B-Class compact sports tourer. Aside from a gorgeous design that looks delicious (especially when we're the ones driving), the B-Class is also super stylish on the inside—with leather upholstery and a trim of brushed aluminium on the center console and door panels. The rear seat converts from a car to a van, to accommodate your LV steamer. With world music tracks downloaded from the Benz website, we're all set to go places. Call Mercedes Benz Global City at tel. no. 85 7777 or visit <http://www.mercedes-benz.com.ph>

The Mercedes Benz B-Class is all style inside and out

Between these pages lie life-like Audrey memorabilia

MOVING MEMOIRS

Step into an icon's world with *The Audrey Hepburn Treasures* by Ellen Erwin and Jessica Diamond (P2199, Fully Booked), a must-have for Audrey fans and style philes. A memoir and scrapbook in one, it's filled with fantastic replications of mementos such as her birth certificate, handwritten letters, her VIP pass to the premier of *Breakfast at Tiffany's*, and tons of personal photos. A collectible that provides insights into the life of an extraordinary figure.

COLOR FEVER

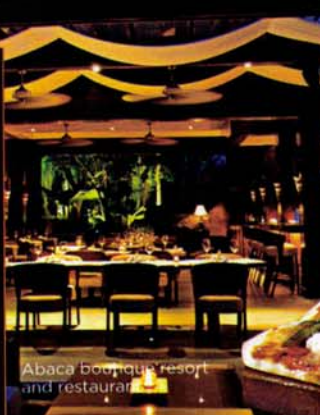

We're loving the orange incarnation of Louis Vuitton's much-loved Montre Tambour Chronograph. With its rubber strap and citrus accents on the face, it's the perfect shot of color for your summer wardrobe.

southern luxury

Two reasons to fly to Cebu now: the seaside Abaca boutique resort and restaurant (www.abacaresort.com), where diners bask in candlelight in a lush cabana to enjoy Chef Hyatt's Papperdalle pasta with veal or lamb sausage pizza. Next door at Shangri-La Mactan (www.shangri-la.com), watch the gorgeous sunset while having seafood *al fresco* at the new Ocean Pavilion.
